Let High Point "Treat Herself Right" in the Election.

TELEGRAM BUREAU,
HIGH POINT, Jan. 15.

Frank W. Dunbar arrived in the city Saturday to the delight of his friends.

Mrs. Elizabeth Spurgeon and Miss Minnie Clinard, of near this place, was in the city Saturday.

Mr. and Mrs. Marable, of Statesville, are visiting relatives and friends in the city.

Died at his home in Trinity yesterday morning of chronic diarrhoea, Mr. Sam English, aged about 62 years. The funeral services were conducted at the home of the deceased this afternoon at 2 o'clock, and the remains interred in the cemetery at that place. Mr. English was a member of the M. E. church, South. He is the father of A. C. English, depot agent at Trinity, and a brother-in-law of Mrs. S. M. Farabee, of this city.

Working men—this includes every citizen of High Point—attend the mass meeting in the opera house tonight.

Sheriff Gilmer will be here tomorrow to receive taxes.

Darius Payne will spend this week rusticating on the farm at his home near here.

J. J. Farriss spent yesterday in Reidsville with his wife, who is visiting relatives there.

A photographer came down from New York to take pictures of the famous bird dog Joe Cummings, owned by Clarence Mackay.

There will be a mass meeting in the old academy building on the hill west of the colored Baptist church tonight, to which all the colored people of the town are invited. White speakers will be present.

Some one entered the clothing store of H. Harris & Bro. Saturday night and helped himself to an outfit of wearing apparel before departing. The entrance was made through the rear door Lewis tells us if we see the thief to tell him that he wants to see him.

"LESTWE FORGET."

Tomorrow—Tuesday—High Point votes on an issue of bonds to the amount of $50,000 to be expended in putting in a water works system. This is a question that every voter of this city should be deeply interested in and lend his help towards the carrying of the same. Our town is fast becoming known throughout the United States as a thriving manufacturing town and her wroducts are gaining a world-wide reputation We cannot afford to be without water works. We can not fall behind other towns in our state with a less population than we have. There is $2,000,000 of property here without any fire protection. We pay $10,000 per year insurance on this property. This would be reduced $1,000 if we had water works. The factories are the life of our town. Their weekly pay rolls average $15,000 or $1,000,000 per year. Our town will increase in manufacturing if we put in water works, and this means increased pay rolls, increase in mercantile business, increase in real estate, and increase in population.

All of us are working men, whether in the shop or in the office, and to a certain extent are dependent upon one another for our daily bread. Now, isn't it right and proper that we work for each other's interests. Water works mean much to our manufactories. They afford protection; they reduce insurance; they furnish water cheaper to them than the cost of keeping a well in right condition, etc. Water works mean much to the laboring man or employe. They encourage more enterprises to be established here and of course he reaps the reward in the way of securing employment, etc. They give him assurance of work by offering protection to his employer in case of fire. Let the factory at which you work be burned down and you will realize the truth of this statement. They offer you, as all others, protection from bodily ailments resulting from the use of impure water, and many other advantages.

There is not a town our size in the south can operate a water works system to more advantage than High Point, Don't let us antagonize the best interests of our progressive town, but with one accord and with one common interest, pull together for the advancement and betterment of our home—High Point—by carrying the issue before us. [In writing the foregoing we have reference to municipal ownership.]

A Thrilling Experience.

As northbound train No. 34 was pulling rapidly out from the station last Saturday at midnight, a Pullman conductor, who was at the ticket office, ran to get on his car. When he attempted to get in he found the vestibule doors closed. The doors extend over nearly all the steps. When last seen going round the curve he was holding on to the railing with just enough "toe holt" to keep from slipping off. The train was late and Engineer Kinney was probably making better than a mile a minute. This high rate of speed, with the cold night air, would in all probability have forced the conductor to loose his hold before he reached Danville had not Ticket De Butts wired ahead to Morehead station, eight miles north, to stop the train and allow the luckless conductor to get in his car. It must have naturally surprised and shaken up the passengers when the engineer applied the air brakes in the woods. Had it not been for Mr. De Butts presence of mind, that Pullman conductor might have been riding in the baggage car ahead dressed in his best suit of clothes.

SMALLPOX IN GREENSBORO.

So Decided by the Marine Hospital Expert.

DISEASE OF VERY MILD FORM.

There is No Cause For Alarm, Says the Specialist—Prompt Action is Being Taken by Officials.

For some time there has been a wide difference of opinion among Greensboro doctors about a few suspected cases of smallpox, as has been reported. One case that was agreed upon has gotten well; but there have been others about which the doctors were not agreed.

Mayor Taylor wired a few days ago wired for a government official in the disease to come here and set the matter at rest. As a result, Dr. C. B. Wertenbaker, Past Assistant Surgeon of the Marine Hospital, with headquarters in Wilmington, who has been detailed as smallpox expert for the Southern States, is here, and after examining a half dozen or more cases, pronounces it smallpox of a very mild form.

Accordingly a number of citizens and members of the board of aldermen, met in the court house at noon and listened to a discussion of the best methods of procedure in the premises. Dr. Wertenbaker reported that the cases examined were mostly negroes. There is one case in jail, a man who has been confined there four months, and Dr. Wertenbaker says the disease was carried to him in the clothing, probably, of some one recently put in.

The expert says that smallpox is a disease that can easily be checked and he says further that if co-operation can be had here now, that we need not have a single case here 30 days from now He says there are three important things to do, if it is to be stopped—isolate, vaccinate, disinfect.

We believe the citizen of Greensboro will aid the authorites in every possibleway to check the disease. Dr. Wertenbaker says that with prompt and concerted action business need not be interfered with at all. He says the disease is in many cities and towns all over the country, and it is important for everybody to be successfully vaccinated.

He recommends a system of management that will be carried out by the authorities. He says the vaccine points used here last spring were what is known asthe "dry point" and he does not wonder that many people suffered. The proper point to be used is "the glycerinized lymph" and a supply has been telegraphed for.

Dr. Wertenbaker went out to the Terra Cotta Works and at 4:30 returned and addressed a mass meeting of citizens in the court house. The board of aldermen will meet at once take official action. Everybody will be urged to vaccinate and take every necessary precaution to prevent the spread of the disease.

THE SOUTH AFRICAN WAR.

Reported that General Warren's Division Has Crossed Tugela River.

By Cable to THE TELEGRAM.

London, Jan. 15—Unconfirmed stories of Boers being in full retreat from Colenso are being received, and it is learned that a column is proceeding via Weene to Helpmaker to cut off their retreat.

Thirty-five thousand men are now being hurried by the Boers twenty miles to the Tugela river, to prevent Buller forcing his way to relieve Ladysmith. Warren's division is reported as having crossed the Tugela at Melnen, east of Colenso, near the left wing of the Boer army. Buller's personal command, division of Paigreties, occupies position near the right wing of the Boer army. Clery's command is the division of Colenso. Each of these three generals has force large enough to cope with any part of the Boer army that can be concentrated at one point. If the center weakened to support either flank, military experts here predict that Clery is strong enough to force a passage through Colenso. It is the general belief that a battle is raging along twenty-five miles of the river front. The attack of Warren is believed to be the chief assault on the Boer position.

Capetown, Jan. 12 (delayed)—It is reported here that the Boer loss at Ladysmith on the sixth amounted to nine hundred.

London, Jan. 15—Rifles have been discovered in the cargo of the German imperial mail steamer Bundesrath.

London, Jan. 12—Warren has ten thousand men twenty miles east of Colenso. The Boer entrenchments from Colenso are rendered useless by Warren and Buller's advance.

Real Estate Exchange.

Mr. B. N. Smith, of Greensboro, was here yesterday to see Mr Geo. Fitzsimons in regard to a realty deal. Mr. Fitzsimons owned a residence in Greensboro and Mr. Smith owned property here on East Eighth street. They exchanged property, arranging the "boot" to suit themselves. Mr. Smith formerly lived in Charlotte, but has not been here in two years.—Charlotte News.

GILBERT IS HELD.

Judge Ewart's Decision in the Bankruptcy Cause.

Special to The Telegram.

Winston, Jan. 15—Judge Ewart's decision in the bankruptcy case in which W. H. Gilbert was brought here from San Francisco, has been received here. It says: "The injunction hitherto granted has been continued until the final hearing. S. F. Vance, of Winston, is appointed temporary receiver and required to give a $20,000 bond. As receiver he is vested with full power to reduce the stock of goods and to hold the funds realized therefrom until the equity of all parties interested are fully determined." Mr. Vance is to receive 3 per cent on what is sold. Mr. Walter O. Cox continues as trustee. The case will be tried at the next term of federal court in Greensboro.

A mass meeting will be held in this city Friday night to celebrate Lee's birthday, and to thank Senator Morgan, of Alabama, for his speech in behalf of the white people of North Carolina. Messrs Cyrus B. Watson and R. B. Glenn will address the meeting.

THE WEST ALLRIGHT.

Judge Merrimon Delivered a Great Speech in Asheville.

Asheville, N. C., Jan. 13—There was a large and enthusiastic meeting of white people at the court house tonight. The meeting was addressed by Judge James H. Merrimon, on the subject of the constitutional amendment. He delivered a great and unanswerable argument that met with demonstration of hearty approval from the earnest and intelligent audience.

The people of this section are becoming greatly interested on this subject. The amendment will carry more than the strength of the democratic party.

Judge Merrimon more than sustained his reputation as one of the greatest jurists the state has produced, and made an argument that confounded every republican who heard his masterly presentation.

Hon. Theodore F. Davidson will address the club at its next meeting.

Vaccination in the Schools.

On Tuesday and Wednesday mornings, January 16th and 17th, a physician will be at each one of the city schools (except the practice school) to examine all the school children to see if they have been satisfactory vaccinated, and to vaccinate all those who do not pass a satisfactory examination, if they so desire.

On and after the above date no pupil will be admitted to any of the graded school without a permit from the examining physicians or evidence of satisfactory vaccination from the family physician.

A WESTERN FLOOD.

Great Damage in Washington and Idaho.

Tacoma, Jan. 15.—A downpour of rain for three days rapidly melted the snow and flooded several western Washington valleys and a greater portion of Latch county, Idaho, and hundreds of farms are under water. The town of Kent is flooded, and the Northern Pacific has been unable to get westbound trains into Tacoma since Friday noon.

Three children at Kendrick, Idaho, have been drowned, and two Chinamen are also reported drowned. A passenger train is reported as caught between the flood below Kendrick. The water has engulfed Kendrick and thirty frame houses used for business and a number of dwellings have floated down the river. The town of Potlatch also is reported in danger. The damage in Idaho will amount to a million dollars. Ten landslides and three big washouts have occurred within fifteen miles along the track below Kendrick.

Cotton Employees Tricked.

Pawtucket, R. I. Jan 12—Considerable consternation was caused in Lonsdale tonight by the arrival from Greenville, S. C., of twenty-two weavers to take the places of those now on strike at Mill No. 4 of the Lonsdale company. The help left Greenville Thursday and after they got over the North Carolina line they say they were met by the agents of the Lonsdale company. When they arrived in Lonsdale tonight there was excitement among those now out of employment. The newcomers said they were surprised to learn that a strike was in progress at Lonsdale, as they had been informed, previous to their departure north, that there was no strike there. Some of the newcomers stated that it was unlikely they would work.

Legislators Hooted and Hissed.

St Louis, Jan. 12.—The agitation caused by the failure of the St. Louis house of delegates to contract for electric lighting for the alleys, parks and city institutions, culminated Friday in a demonstration by citizens at the doors leading to the delegate floor unparallelled here. Several hundred people, crowding the corridors, howled, hooted and hissed and threatened to break in the doors. A page was assaulted and the sergeant-at-arms had to draw his revolver before police help came, and possibly avoided bloodshed.

Quarantine Raised.

By Wire to the TELEGRAM.

Jacksonville, Fla., Jan. 15.—Dr. Porter, of the state board of health has issued notice that Miama, having had no cases of yellow fever in a fortnight, the quarantine at that place will be removed.

20TED CROOK CAPTURED.

Inspector Gregory Bags His Game After a Year's Chase.

Frederick A. Anderson, known as "Wisconsin Fred," a daring postoffice burglar, has been captured by Inspector Gregory, of Greensboro, at Elmira, New York. The Elmira Gazette and Press says:

"After a chase of nearly a year, covering territory over several states, during which time the trail has been lost, regained and lost again, United States Postoffice Inspector Hardy T. Gregory, of Greensboro, N. C., has succeeded in landing in the toils one of the most notorious postoffice burglars in the country. This daring robber has probably assisted in committing over a half-hundred robberies of government buildings and other places, and the government has wanted him for a long time."

Anderson was the leader of a noted gang of crooks. One member of this gang, Joe Jones, alias Brooks, etc., escaped from the North Carolina state penitentiary here in January, 1899, and is still at large. He was serving a five-year sentence for postoffice burglary.—Morning Post.

Capital Coming South.

Intelligence was received here last night that George Gould, the New York millionaire, has become a stockholder in the Loray cotton mills, at Gastonia, to the amount of $250,000 and that a check for this amount has been received in Gastonia. It is also stated that another subscription of $150,000 from a northern capitalist has been sent the promoters of the new mill. These subscriptions it is believed, will raise the capital stock of the mill to $1,400,000.—Charlotte Observer.

"NO WHISKEY OR CARDS."

Under the above heading the Charlotte News prints the following:

The North State Club held a meeting last night and decided to go into voluntary liquidation.

After sleeping on it over night, the board of governors this morning decided to call a meeting to reconsider the action of last night, so it is highly probable that the club—the oldest of any of the social clubs in the city—will continue to occupy its place at the head of the table.

One of the charter members, on being asked about the action of last night—and this morning—said:

"The North State club was not formed for a political club. It has been from its formation entirely social, although it has been decidedly democratic, as far as inclinations and majority of members go. It lined up for a parade for Cleveland and Fowler with about sixty of as handsome and fine men as are generally seen. The club has always been a credit to Charlotte. I have several times been in tight places, chiefly on account of losing members who wanted to add whiskey to its attractions, but this was turned down by a vote of the club, and it has been sustained all along without whiskey or gambling, and has been an honor to its supporters. I saw the ship launched on the rough billows and have been one of her crew ever since, and stood at the wheel until she sank, and I am proud that she goes down without a blot on her fair name. Her joys have by far exceeded her troubles."

All honor to the members of that club who have every time voted "No Whiskey or Cards." It is better that she go "down without a blot on her fair name" than to live by drinking and gambling.

One of the most noted detectives in the country now is Mr. Hardy T. Gregory, of Greensboro. Elsewhere will be found a statement that he has captured a notorious postoffice robber after a year's chase. Mr. Gregory has been successful in working up a number of very difficult and complicated cases, and we congratulate him on his success.

That flour business may yet cause trouble. It was American flour, being shipped somewhere, and great Britain seized the outfit at Delagoa Bay, and is now trying to decide who owns it. This is a peculiar situation and may resolve itself into a serious one. If that flour should cause a fight between the Americans and the British, in spite of being in possession of a lot of the best flour on earth, England's cake will be dough.

"Jeter Makes a Kick," is the heading of an article in our news columns today concerning Senator Pritchard and a remark attributed to Mr. Simmons. Well, let him kick. It is nothing unusual. Republicans have been kicking at Mr. Simmons ever since he has been at the head of the democratic organization of the state. He would be unworthy the spurs he wears if he pleased the enemy.

Texas Criminal Shot.

El Paso, Tex., Jan. 13—A criminal will be executed at Juarez in a few days. He will be shot inside the walls of the prison and an admission fee of twenty-five cents will be charged all desiring to witness the execution. The money will go to the condemned mans' widow.

Sentence Commuted.

Governor Russell has commuted the sentence of Millard Bonsmarx, colored, of Rockingham county, to imprisonment for life. He was under death sentence for criminal assault and was to have been hanged at Wentworth on Jan. 26th.

CAPT. BARNES' CHILDREN.

Resolution to Pay Them Six Months Salary—Other News.

Special to the TELEGRAM.

Washington, Jan. 15—A resolution has been introduced in the senate by Senator Butler to pay to the children of the late Captain Arthur Barnes, an amount equal to six months salary. The resolution provides for the payment of this amount out of the contingent fund of the senate, and there is no doubt but what it will promptly pass the senate, as soon as it is reported from the senate committee on contingent expenses, to which it has been referred. Captain Arthur Barnes, who recently died in Washington was among the best known citizens of the state of North Carolina, and probably enjoyed the acquaintance of a larger circle of public men from North Carolina than any one man in the state. For fourteen years or more, he was in charge of one of the senate galleries, and came in contact with senators and representatives from all over the union. His fidelity to his work, is attested by the fact that he was retained in the senate despite the political changes which have occurred from time to time in that body.

It is said that the children of Capt Barnes were left practically without means, and the resolution introduced by Senator Butler, and supported by Senator Pritchard, is for the purpose of relieving them to some extent, as well as to afford the United States senate to testify to its appreciation for the faithful services rendered by Captain Barnes. The resolution is not unusual, as it is the practice of the senate and house of representatives, to pay out of their contingent funds, six months salary to the dependents of their employes who die while in active service. The resolution of Senator Butler will be reported from the committee promptly, and pass the senate without much delay.

The announcement that R. B. Glenn would stand as a candidate for the U. S. senate to succeed Senator Pritchard, caused some surprise among North Carolina people in Washington. This is not because there is any doubt as to the qualifications of Mr. Glenn, but because he is known to be a gentleman not usually given to announcing his intentions so long in advance. Among the members of the congressional delegation from the state doubt is expressed as to whether Mr. Glenn was correctly reported as stating that he would be a candidate for senator to succeed Pritchard. One of the members of the delegation seen Sunday morning stated that he did not believe that Mr. Glenn had been correctly quoted, and he thought the correspondent who sent the statement had made some mistake, though he admitted that Mr. Glenn possessed a number of qualifications for senator, which would doubtless be considered by the democracy of North Carolina at the proper time.

It is announced at the pension office that Mr. John S. Gallagher, a well known attorney of North Carolina, has been appointed by the commissioner of pensions, examining pension attorney for Washington county, N. C.

The belief is quite strong among North Carolina people in the city that the committee on elections will decide the contested case of Pearson vs. Crawford in favor of the sitting member. It is said that Mr. Crawford has made a stronger case than at first was thought possible, and that one or two republicans on the committee are convinced that Mr. Pearson was not legally elected.

There is naturally some interest manifested in the reply which Senator Pritchard will make to Senator Morgan's speech upon the Pritchard resolution, declaring North Carolina's proposed amendment unconstitutional. Judge Linney is quoted as saying that Senator Pritchard has the law on his side, but that he has the United States constitution against him, in his attempt to usurp the privileges of the United States supreme court, is plain to any person who has the least understanding of that much-stretched document.

Postmasters have been commissioned in North Carolina as follows:

THE FUTURE DARK.

In Kentucky—Taylor May Refuse to Vacate.

Frankfort, Ky., Jan 13—The situation in the contests for governor and the State officers and the question of which is going to happen when the final result is declared are tonight fruitful of the most extravagant speculation. If the adherents of the contestees, the republican incumbents, of the state offices carry out the line of procedure they now threaten by refusing to vacate even in case the Legislature decides in favor of the democratic contestants, the situation will be serious, and if the statements of some of the men high in the councils of the state are to be credited, this is what they propose to do.

K. J. Hampton, secretary of the republican state central committee, said today that the talk of holding an anti-Goebel state convention here next week was purely an invention, but he predicted that several thousand anti-Goebel men from all parts of the state would be here to protest by their presence against unseating Marshal and to sustain them if the legislature votes to turn them out. He denied that any of them now here are soldiers in citizen's clothes, as charged by the Goebel Democrats James Andrew Scott, one of the attorneys for the contestants in minor state contests, said tonight:

"The importation of soldiers and thugs here for the purpose of intimidating the legislature will not work. They are bluffing and no trouble will occur. As for their threats that they will hold in spite of the decision by the legislature, they may do this for a few days, but the courts would recognize the regular tate goverement and if Taylor does not then give in, he will subject himself to prosecution and all the penalties against usurpation, which I have no idea he will want to encounter."

Most of the democratic leaders coincide with Scott. Ex-Governor Bradley and all of the republican leaders hold that the contest proceedings are being conducted in an arbitrary manner, without regard to the law and that for these reasons the decision, if adverse to Taylor, should not be binding on him. They file a bill of specifications as to their objections to the trial of the contests and the reasons why the proceedings are illegal. The sum total of these, according to Governor Taylor's attorneys, brings the case within some of the inhibitions of the fourteenth amendment to the federal constitution.

The republican state committee, through its officers and the organization formed by disaffected democrats during the recent campaign, has issued statements reviewing the political campaign and calling upon its constituents for their support. The appeal issued by the "bolters democrats" says:

"The democratic party has been put in the position of an enemy to the public peace and a menace to popular institutions with a record of unparalleled outrages during the past year. We are about to enter upon a national campaign; the probable leader in the campaign has made himself the associate and the supporter of the men who were repudiated at the polls. He is to return next weeks to Kentucky to aid the conspirators in driving from office men who have been elected. The future is dark with threatened danger of the gravest character."

BRYAN ON EXPANSION.

His Views Concerning the Annexation of Territory.

Kansas City, Jan. 13—William J. Bryan passed through Kansas City today for Columbia, Mo. Asked about his Minneapolis interview, in which he was reported as expressing views favorable to certain forms of expansion, Mr. Bryan said:

"I have for one year been discussing imperialism, and I have tried to distinguish between such an extension of the nation's limits as would not change the character of the government and an expansion which converts a homogeneous republic into a hetrogeneous empire.

When the annexation of any given territory is under consideration the question is, first, whether the people want to come in, and second, whether the people are capable of sharing in the goverment and destiny of this nation. I believe that all people are capable of governing themselves, and that the Filipinos should be allowed to govern themselves, but I do not think that they are sufficiently advanced to share with us the government of the nation. If the Philippine Islands are annexed the people there must either become citizens or subjects I am not willing to admit them as citizens and do not believe that a republican have subjects, therefore I want this nation to give them independence and then protect them from outside interference. The proposed annexation must be considered upon its own merits, but in considering these merits, the condition of the people should have more weight than geographical position or commercial advantage."

Having a Great Run on Chamberlain's Cough Remedy.

Manager Martin, of the Pierson drug store, informs us that he is having a great run on Chamberlain's Cough Remedy. He sells five bottles of that medicine to one of any other kind, and it gives great satisfaction In these days of la grippe there is nothing like Chamberlain's Cough Remedy to stop the cough, heal up the sore throat and lungs and give relief in a very short time. The sales are growing and all who try it are pleased with its prompt action.—South Chicago Daily Calumet. For sale by C. E. Holton, druggist.

Tommy—"Pop, what do prizefighters live on when they are in training?" Tommy's Pop—"Scraps, I suppose. Now, run away and learn your Sunday school lesson."

He Only Repeats What has been Around the World.

It has been demonstrated repeatedly in every state in the union and in many foreign countries that Chamberlain's Cough Remedy is a certain preventive and cure for croup. It has become the universal remedy for that disease. M. V. Fisher, of Liberty, W. Va., only repeats what his been said around the globe when he he writes: "I have used Chamberlain's Cough Remedy in my family for several years and always with perfect success. We believe that it is not only the best cough remedy, but that it is a sure cure for croup. It has saved the lives of our children a number of times." This remedy is for sale by C. E. Holton, druggist.

LABOR IN THE SOUTH.

Testimony of a Connecticut Man Who Raises Fruit in Georgia.

Washington, Jan. 12—Testimony on southern agricultural topics was heard by the Industrial Commission this morning from J. H. Hale, of South Glastonbury, Conn. The witness has extensive fruit-growing interests in Georgia. His observations concerned chiefly the labor of fruit-gathering. In the south, Mr. Hale said, there is abundance of transient labor, on short call, willing to work eleven hours a day at fair wages. Laborers on cotton plantations worked about one hundred and fifty days in the year. Fruit farms kept hands employed all the year round, contrary to the general impression. The witness had found good white labor easy to obtain. Wages averaged sixty cents per day for women and children, twenty-five to forty cents. Mr. Hale described in detail a system of "hotels" in which employes boarded at a cost to each of about $2 10 per week.

Transportation had been made advantageous, said the witness, by the untiring efforts of railroads. Southern rates, he said, were much lower than rates in the North.

Scrofula, a Vile Inheritance.

Scrofula is the most obstinate of blood troubles, and is often the result of an inherited taint in the blood. S. S. S. is the only remedy which goes deep enough to reach Scrofula; it forces out every trace of the disease, and cures the worst cases.

My son, Charlie, was afflicted from infancy with Scrofula, and he suffered so that it was impossible to dress him for three years. His head and body were a mass of sores, and his eyesight also became affected. No treatment was spared that we thought would relieve him, but he grew worse until his condition was indeed pitiable. I had almost despaired of his ever being cured, when by the advice of a friend we gave him S. S. S. (Swift's Specific). A decided improvement was the result, and after he had taken a dozen bottles, no one who knew of his former dreadful condition would have recognized him. All the sores on his body have healed, his skin is perfectly clear and smooth, and he has been restored to perfect health.

Miss. S. S. Maxey,
260 Elm St. Macon, Ga.

For real blood troubles it is a waste of time to expect advice from the doctors. Blood diseases are beyond their skill. Swift's Specific,

S.S.S. For The Blood

reaches all deep-seated cases which other remedies have no effect upon. It is the only blood remedy guaranteed purely vegetable, and contains no potash, mercury, or other mineral.

WHO OWNED THE FLOUR?

The Question That Is Now Agitating the Prize Court.

London Jan. 13.—Ambassador Choate is still in communication with the English Foreign Office in regard to flour seizures. He is now awaiting the decisions of Great Britain in regard to the ownership of flour.

It is believed that a pecular situation has arisen in this connection. The prize court is puzzled as to whom it shall nominate as owner of the flour, as several firms claim it. Great Britain insist on ample evidence being produced on ample ownership before the flour is released.

The Dutch minister had a conference with the Mr. Choate this afternoon in reference to the Dutch steamer Maria, in which it is understood there are certain American commodities.

A L and Death Fight.

Mr. W. A. Hines, of Manchester, Iowa, writing of his almost miraculous escape from death says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even it cost $5 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure throat, chest and lung troubles." Regular size 50 cents and $1.00. Trial bottles free at C. E. Holton's drug store.

But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and appetite than any thing I could take. I can now eat anything and have a new lease on life." Only 50 cents at C. E. Holton's drug store. Every bottle guaranteed.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine, and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on C. E. Holton, druggist, and get a trial bottle free, Regular size 50 and $1. Every bottle guaranteed or price refunded.

NOT A SOUL SURVIVES.

Identity of Wrecked Steamer Still Unknown.

St John's, N. F., Jan. 13—The identity of the steamship wrecked in St. Mary's Bay was not established at dark tonight, but the gale is abating and it may be possible to get a boat to the wreck tonight or in the morning.

Parties on shore are constantly watching the wreck and large fires are kept burning to attract possible castaways. Men and boats are in readiness to proceed to the wreck when the sea permits. Tackles have been erected on a cliff over Sculpin Cove to recover dead bodies washed ashore there.

The whole coast for miles is covered with wreckage. The vessel evidently carried a large consignment of kerosene, as oil is floating about for miles. The wreck is now submerged and will doubtless go to pieces. There are some fears that the ship will slide off the shelving rock on which she struck and disappear. In that event divers will have to be sent down to ascertain her name.

The present disaster is the worst within the memory of the inhabitants. How the vessel got into the position it did puzzles all. Wednesday night, the time when she struck, was clear except for occasional squalls. It was thought the steamer was the cable ship Francisco Arago, but that vessel arrived today.

The Appetite of a Goat

North Carolina Oyster Beds.

The United States steamship Fishhawk arrived in port yesterday, and is anchored off Fayette street. The Fishhawk has been doing oyster duty in North Carolina for some time. Oyster beds in the Old North State are full of sand, and the Fishhawk has been surveying or superintending the work of restoring the beds to their proper condition.

The Fishhawk will sail Saturday for Pamlico sound, where she will look after the fish and oyster business until the early part of April.—Virginian-Pilot.

"I don't think that new salesman will do," remarked the proprietor of the great department store. "Do you think he lacks experience?" asked the manager. "I know it," replied the merchant prince; "I just overheard him attempting to argue with a woman purchaser about what century we are living in."

C. E. Holton, druggist, guarantees every bottle of Chamberlain's Cough Remedy and will refund the money to any one who is not satisfied after using two-thirds of the contents. This is the best remedy in the world for la grippe, coughs, colds, croup and whooping cough and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia

De Tanqe—"There's no place like home, after all." Guzzler—"After all what?" De Tanque—"After all the other places are closed."

"I am indebted to One Minute Cough Cure for my health and life. It cured me of lung trouble following grippe." Thousands owe their lives to this never failing remedy. It cures coughs, colds, croup, bronchitis, pneumonia, grippe and throat and lung troubles. Its early use prevents consumption. It is the only harmless remedy that gives immediate results. Howard Gardner.

"What do you think of Bacon?" asked the litery young woman from Boston. "On the hog," replied the Chicago girl, who had a keen sense of humor.

JETER MAKES A KICK.

A Remark by Mr. Simmons Displeases Our Senator.

Washington, January 12.—Senator Pritchard takes exception to certain remarks made by State Chairman Simmons and published in the Charlotte News

These remarks quote Mr. Simmons as declaring that he thought Senator Pritchard was going to Rockingham to open the campaign at this time for the purpose of causing a disturbance to be utilized in the Dockery Bellamy contest.

Commenting on this Senator Pritchard said:

"The statement is absolutely false and I have not the slightest idea that there will be any disturbance at the meeting. The citizens of Richmond county are law-abiding, and such a statement as Mr. Simmons is reputed to have made does them the greatest injustice."

The Dockery-Bellamy contest will not be taken up before February 9 next, and probably much later. As stated in these dispatches some time ago all the contested cases in the house will be rushed through and it is almost certain that regardless of merit will be decided against the southern sitting members.

Major Warren, of Edenton, has been granted a pension of $6.

Senator Money has given notice that he will reply to Senator Pritchard's speech on the amendment resolution.

To the Public.

I want to let the people who suffer from rheumatism and sciatica know that Chamberlain's Pain Balm relieved me after a number of other medicines and a doctor had failed. It is the best liniment I have ever known of —J. A. Dodgen, Alpharetta, Georgia. Thousands have been cured of rheumatism by this remedy. One application relieves the pain. For sale by C. E. Holton, druggist.

A woman is never completely happy in receiving a present unless she can find out how much it cost.

Gaining a Wide Reputation.

As a cure for rheumatism Chamberlain's Pain Balm is gaining a wide reputation. D. B. Johnston, of Richmond, Ind., has been troubled with that ailment since 1862. In speaking of it he says: "I never found anything that would relieve me until I used Chamberlain's Pain Balm. It acts like magic with me. My foot was swollen and pained me very much, but one good application of Pain Balm relieved me. For sale by O. E. Holton, druggist.

Marshall Mott Loses.

Winston, N. C., Jan. 13.—Judge Starbuck this afternoon rendered a decision refusing to order the county commissioners to draw a grand jury for the superior courts in the case brought by Solicitor Mott. The solicitor has appealed to the supreme court.

Hans Andersen has a story of a buffalo that scorned the snow flakes. "Pouf," he snorted, "I can blow you away with a breath, what can you do to me?" But the flakes kept falling, falling, until the buffalo was almost buried, and the hunter slipped along the snow crust and made him an easy prey. There's another hunter who hunts to kill, who makes many a man his victim because of a folly like that of the buffalo in Andersen's fable. It's a little thing to have that uneasy feeling in the stomach after eating. Sour risings and belching are also reckoned little things. Yet these little things are among the minor marks of a disordered condition of the stomach and organs of nutrition and digestion. Of themselves they may not kill, but if despised they may open a pathway to some deadly disease.

Don't neglect the first symptoms of indigestion or "stomach trouble." The timely use of Dr. Pierce's Golden Medical Discovery may avert a more serious danger. It will surely cure any disease of the stomach and organs of digestion and nutrition, excepting cancer.

Mr. Ned Nelson, the celebrated Irish comedian and mimic, of 577 Royden Street, Camden, N. J., writes: "We fulfilled an engagement of twelve weeks and the constant traveling gave me a bad touch of that dreaded disease called dyspepsia. I had tried everything possible to cure it, till last week, while playing at B. F. Keith's Bijou Theater, Philadelphia, in the Nelson Trio, a professional friend of mine advised me to try Dr. Pierce's Golden Medical Discovery. I tried it, and, thank God, with good results."

Doctor Pierce's Pleasant Pellets are a specific for biliousness.

BRIEF LOCAL MATTERS.

W. B. Hill went to Danville this morning.

Tyre Glenn went up to Winston this morning.

J. M. Bandy went to Troy today on a business trip.

W. W Wood went south today on a business trip.

Charlie Hudson went up to High Point this morning.

Gate City Steam Laundry has a new ad for you to read today. See it.

Chas. F. Bahnson, of Farmington, rand lecturer for the Masons of Norths Carolina spent last night at the Allen.

Jno. B. Fariss has a new ad in the Telegram today in which he offers some choice articles at 20 per cent less than cost.

You have read about going to sea—now you want to read about going to see—the line of trunks at Rankin, Chisholm, Stroud & Rees. See ad today.

Rev. W. L. Grissom preached to the congregation at Centenary church yesterday. His sermon was one of power and was heard by an attentive congregation.

If you wish to be up to date in theatricals don't fail to see the "fashion plate" "Town Topics," with its bevy of pretty girls, grotesque comedians, agile dancers and sweet singers, at the Academy tomorrow night.

Rev. T. N Ivey, D. D., editor of the Raleigh Christian Advocate, spent a few hours in the city Saturday evening. We were glad to learn from him that the "Old Raleigh" is still growing.

Every man and woman in the country who enjoys bright, crisp and witty reading, buys "Town Topics." Every man, woman and child who likes a clean, witty and uproariously funny farce should be on hand to greet "Town Topics" at the Academy of Music tomorrow night.

They said: "The elephant walked the rope, with his feet all greased with soap." As far as we can learn this is positively untrue. But Rankin, Chisholm, Stroud & Rees say they have a large line of trunks, consisting of steamers, automatic trays, lifting trays, etc. This is a truth. We have seen the articles take a lift on their elevator into their trunk loft and see the sights—its trunks.

SHOT HIMSELF

Young Man at Lexington Takes His Own Life.

Dr. John Thames received a message yesterday from a friend in Lexington that Tom Layden, of that city, had shot himself through the head and was not expected to live. Another message today says that Mr. Layden died at four o'clock this morning.

The death was a very sad one. Mr. Layden was seized with melancholia last summer and was under the delusion that his people and friends did not want him to live. It is supposed that in a fit of this kind he fired the fatal bullet.

HONEST REDUCTIONS

Statements that are Strictly Carried Out by Adsertiser.

The reduction of twenty per cent, or one-fifth off on any article in our house except collars and cuffs, brought big crowds to our store all last week. It is indeed a great satisfaction to us to see such response to a newspaper announcement. You have been misled so many times by announcements of "20 per cent off" sales, which were really no reductions at all, that you have come to be discriminating. But you know our sales are legimate—that our reductions are honest. And when we announce a one-fifth off sale, as we have now—that we let you have shoes, furnishing goods, hats, etc., at 20 per cent off marked prices and that means one-fifth off lowest price in town. Sale will continue until Saturday night.

S. J. Kaufmann.

That delayed shipment of boys and little gent's shoes came in at last this morning. It took them a long time to get here but they opened up all right when they did come. The little gent's shoes have very low common sense heels, a decided improvement on spring heels. Sizes in these are from 8½ to 13½, price $1.25 The boys' shoes, sizes running from 1 to 5½, are the best we have seen for the price, which is $1.50 For boys who are particularly hard on shoes we especially recommend our stout quilted bottom satin calf shoe. These have steel slugs in the heels to prevent running over and are made to stand rough weather and rough wear.

THE FIRST MILL

Shipped From Sergeant Foundry Since the Fire.

Two weeks ago today the plant of the Sergeant Manufacturing Company was destroyed, almost entirely by fire. It was a heavy blow and greatly deplored. But the energetic proprietors were not crushed. They did not sit down, fold their hands and deplore their misfortune; but being made of the stuff that always succeeds, they went at once to work and today shipped the first saw mill made since the fire.

They are now 27 orders behind, and calculate that they will be able to complete a mill every three days.

Folks Do Move.

Ticket Agents Graham and DeButts sold during the year 1899 seventy three thousand one hundred tickets, over 16,000 in excess of 1898. This places Greensboro ahead of any station on the Southern between Washington and Atlanta. Messrs. Graham and DeButts are the only agents to our knowledge who have kept such an accurate account of their sales.
